

Industry Partners

Equinix, a leading Singapore data centre, partners with The Web Xpert to host its web servers in Asia to ensure maximum speed and faster website downloads.

The Web Xpert partners with SinoTech Media, one of China's largest interactive marketing firms. SinoTech Media works closely with both online publishers to generate incremental revenue and advertising clients and agencies to develop custom ad solutions, matching the needs of all parties in unique and beneficial ways.

The Web Xpert is an authorised partner of GFI, which provides a full suite of messaging, antivirus and network security solutions to 200,000 customers worldwide.

The Web Xpert is an authorised partner of 3CX, which provides Windows-based VOIP software solutions that replaces traditional proprietary hardware PBX / PABX based on the SIP standard - making it easier to manage and allowing you to use any SIP phone!
